

Hi, I'm Natalie and I want to thank you for considering to add Mission Market products to your inventory. Our goal is to provide a platform for artisans around the world while partnering with a business like yours. I invite you to join in our efforts "to serve rather than be served", by purchasing direct trade handmade crafts at wholesale prices.

Mission Market, created by the Ladies of Charity USA, provides a platform for artisans in developing countries to market and sell their products in the United States. By creating a viable online market for goods, artisans in countries where the Daughters of Charity have skill centers, will be empowered to become self-sufficient in business.

Retail and hospital gift shops, long-term care facilities' gift shops, boutiques, thrift shops, special event planners, as well as other businesses and not-for-profits, are encouraged to visit www.lcusamissionmarket.com, and register to purchase handcrafted products at direct trade wholesale prices for resale.

Organizations having a sales tax ID or tax exemption status are encouraged to apply!

Together we can Make Our Mark and Provide a Platform to End Poverty!

- **Make Your Mark While Selling Unique Global Handmade Crafts**
- **Offer Unique Products at your business**
- **Support Artisans to become Self Sufficient**
