

Mission Market, created by the Ladies of Charity USA, provides a platform for artisans in developing countries to market and sell their products in the United States. By creating a viable online market for goods, artisans in countries where the Daughters of Charity have skill centers, will be empowered to become self-sufficient in business.

Retail and hospital gift shops, long-term care facilities' gift shops, boutiques, thrift shops, special event planners, as well as other businesses and not-for-profits, are encouraged to visit www.lcusamissionmarket.com, and register to purchase handcrafted products at direct trade wholesale prices for resale.

Together we can Make Our Mark Providing a Platform for Artisans!

- **Make Your Mark While Selling Unique Global Handmade Crafts**
- **Offer Unique Products at your business**
- **Earn Cash for your non-profit**
- **While supporting Artisans like Myriam R.!**
